

Testing your ORC ECA Identity Certificate in a Mozilla Firefox browser.

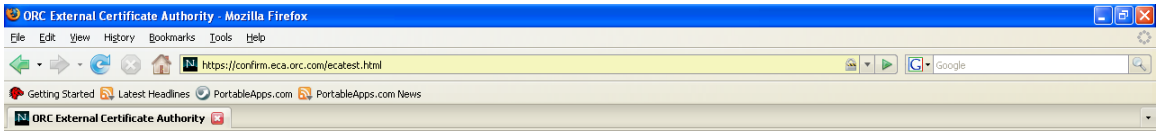

1) Please go to the ORC ECA website (<http://eca.orc.com/>). Select **Certificate Tools** from the option menu, and then select **Certificate Test**.

2) When prompted for the **Master Password**, you must **enter your Private Key Password**. Please note that your private key password is case-sensitive.

3) If the Certificate Test is successfully completed, you will receive the message **You Possess a Valid Certificate.**

You possess a valid Certificate.
